33	November 13, 2018 12:30 PM	November 15, 2018 11:00 AM	Update of published monthly auction(s) at Multiple network points of Interconnector (UK) Limited and GRTgaz	PRISMA platform advises upcoming unavailability for all published monthly auctions on 15.11.2018 from 11:00 to 13:00 CE(S)T for updating marketable capacity at Multiple network points of Interconnector (UK) Limited and GRTgaz. The update affects bundled and unbundled auctions. Any previously-placed comfort bids for the updated auctions will not be transferred. Shippers who want to use the comfort bid functionality are requested to re-create comfort bids. This also affects comfort bids placed for auctions for the bundling partners at the affected network points.	PRISMA European Capacity Platform GmbH	PRISMA platform				
34	November 16, 2018 12:15 PM	November 16, 2018 01:10 PM	Upcoming hotfix deployment on 16.11.2018 13:10 – 13:25 CET (without downtime)	Open Upcoming hotfix deployment on 16.11.2018 13:10 – 13:25 CET (without downtime) configuration options  PRISMA is announcing an upcoming hotfix to fix a validation error within the long-term bidding mechanism on 16.11.2018 from 13:10 to 13:25 CET. As this fix will be provided without a downtime, no effects on the Within-day auction starting at 13:00 CET are expected.	PRISMA European Capacity Platform GmbH		Hotfix of long-term bidding mechanism			
43	January 30, 2019 11:05 AM	January 30, 2019 11:00 AM	Several within-day auctions not published	A problem is affecting publication of several within-day auctions. PRISMA European Capacity Platform GmbH, on behalf of all involved TSOs, will inform market participants and stakeholders if the auctions will be postponed or canceled. Within-day auctions will be canceled until the technical problem will be solved.	PRISMA European Capacity Platform GmbH	PRISMA platform			Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s).	
30	February 05, 2019 04:28 PM		PRISMA NOT REACHABLE VIA PHONE	Dear Customers, due to technical problems the PRISMA Customer Care is currently not reachable via phone. Please send us an email to <a href="mailto:helpdesk@prisma-capacity.eu">helpdesk@prisma-capacity.eu</a> if you have any questions or problems. Thank you for your cooperation.						
32	March 21, 2019 04:31 PM	October 21, 2019 03:22 PM	Update of published quarterly firm auction(s) at multiple network points of Interconnector (UK) Limited	PRISMA platform advises upcoming unavailability for all published quarterly firm auctions on 02.11.2018 from 15:00 to 16:00 CE(S)T for updating marketable capacity at multiple network points of Interconnector (UK) Limited. The concerned auctions have the following auction IDs: 22972332, 22972333 and 22899984. The update affects bundled and unbundled auctions. Any previously-placed comfort bids for the updated auctions will not be transferred. Shippers who want to use the comfort bid functionality are requested to re-create comfort bids. This also affects comfort bids placed for auctions for the bundling partners at the affected network points.						
141	March 31, 2019 06:03 AM	March 31, 2019 03:42 AM	Several Within-day auctions not started at 04:00 and 05:00 CEST – SOLVED	A problem had affected the publication of several within-day auctions of the following Transmission System Operators since 04:00 and 05:00 CEST: bayernets GmbH, Gastransport Nord GmbH, GASCADE Gastransport GmbH, Gasunie Deutschland Transport Services GmbH, ONTRAS Gastransport GmbH, terranets bw GmbH, Thyssengas GmbH, Plinacro d.o.o., Ferngas Netzgesellschaft mbH. The problem has now been solved and an expected number of Within-day auctions had been published for auction start at 06:00 CEST.					Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s) for the missing product runtimes.	
94	April 17, 2019 12:10 PM	March 31, 2019 03:42 AM	Several Within-day auctions not started at 04:00 and 05:00 CEST – SOLVED	A problem had affected the publication of several within-day auctions of the following Transmission System Operators since 04:00 and 05:00 CEST: bayernets GmbH, Gastransport Nord GmbH, GASCADE Gastransport GmbH, Gasunie Deutschland Transport Services GmbH, ONTRAS Gastransport GmbH, terranets bw GmbH, Thyssengas GmbH, Plinacro d.o.o., Ferngas Netzgesellschaft mbH. The problem has now been solved and an expected number of Within-day auctions had been published for auction start at 06:00 CEST.	PRISMA European Capacity Platform GmbH	PRISMA platform			Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s) for the missing product runtimes. 140	April 23, 2019 11:50 AM	April 24, 2019 02:55 AM	Upcoming downtime 24.04.2019 02:55 – 06:05 CEST (03:10h)	Due to a Cloud migration, the PRISMA platform will not be available on 24.04.2019 between 02:55 and 06:05 CEST. It will not be possible to surrender capacity, book capacity via FCFS, or trade in the secondary market during this time frame. Any Trade Proposals, Responses to a Trade Proposal or Trades that expire during the downtime will not be restarted when the platform is available again. All Within-Day auctions which should start on 24.04.2019 at 03:00, 04:00, 05:00 and 06:00 CEST will be skipped and not repeated.			Cloud migration of PRISMA infrastructure		Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s).	
139	April 24, 2019 05:15 AM	April 24, 2019 02:55 AM	Upcoming downtime 24.04.2019 02:55 – 06:05 CEST (03:10h) – Extension of downtime needed until 08:05 CEST	Unfortunately, the ongoing maintenance window has to be extended by two hours, now closing at 08:05 CEST. All Within-Day auctions which would start on 24.04.2019 at 06:00, 07:00 and 08:00 CEST will be skipped and not repeated. The next Within-day auctions will, therefore, be running at 09:00 CEST. Furthermore, it will not be possible to surrender capacity, book capacity via FCFS, or trade in the secondary market during this extended time frame.	PRISMA European Capacity Platform GmbH	PRISMA platform	Cloud migration of PRISMA infrastructure		Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s).	

138	April 24, 2019 08:32 AM	April 24, 2019 02:55 AM	Upcoming downtime 24.04.2019 02:55 – 06:05 CEST (03:10h) – Another extension of downtime needed until 10:05 CEST	Unfortunately, the ongoing maintenance window has to be extended by another two hours, now closing at 10:05 CEST. All Within-Day auctions which would start on 24.04.2019 at 09:00 and 10:00 CEST will be skipped and not repeated. The next Within-day auctions as well as the still open two interruptible monthly auctions will start again at 11:00 CEST. Furthermore, it will not be possible to surrender capacity, book capacity via FCFS, or trade in the secondary market during this extended time frame.	PRISMA European Capacity Platform GmbH	PRISMA platform	Cloud migration of PRISMA infrastructure		Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s).	
137	April 24, 2019 10:21 AM	April 24, 2019 02:55 AM	Upcoming downtime 24.04.2019 02:55 – 06:05 CEST (03:10h) – Another extension of downtime needed until 12:05 CEST	We are sorry to inform you that the ongoing maintenance window has to be extended by another two hours, now closing at 12:05 CEST. All Within-Day auctions which would start on 24.04.2019 at 11:00 and 12:00 CEST will be skipped and not repeated. The next Within-day auctions as well as the still open two interruptible monthly auctions will start again at 13:00 CEST. 161	May 22, 2019 07:39 PM	May 22, 2019 04:34 PM	Platform not responding – Update	The PRISMA platform was available again, however, we had experienced several issues within the auction overview, so that we couldn't guarantee that shippers can properly participate in any of the auctions. Because of that, we have put the PRISMA platform in maintenance mode as of 19:35 CEST and proceed with the foreseen nightly deployment. The Day-ahead firm (auction start: 16:30 CEST) and interruptible auctions (auction start: 17:30 CEST) as well as the Within-day auctions (auction start: 17:00 CEST / 18:00 CEST / 19:00 CEST / 20:00 CEST / 21:00 CEST / 22:00 CEST) will not be repeated.	PRISMA European Capacity Platform GmbH	PRISMA platform	Infrastructural performance issues		Message ID 160
162	May 22, 2019 10:54 PM	May 22, 2019 04:34 PM	Platform not responding – Solved	The PRISMA platform is available again. There will not be another maintenance window on 23.05.2019 between 02:55 and 05:05 CEST. The 1st Within-day auctions have been cancelled. Around 121 Within-day auctions will be published for auction start at 23:00 CEST. Monthly firm auctions are currently scheduled to resume on 23.05.2019 11:00 CEST. Further information on this will follow. The foreseen reopen of submission window on 23.05.2019 between 11:00 CEST and 13:15 CEST will most probably be postponed.	PRISMA European Capacity Platform GmbH	PRISMA platform	Infrastructural performance issues	After infrastructural performance issues became apparent, the foreseen productive deployment had been rescheduled to take place on 22.05.2019 at 19:35 CEST instead of 23.05.2019 02:55 CEST	Message ID 160, 161
163	May 23, 2019 01:14 AM	May 23, 2019 12:00 AM	Lower number of Within-day auctions published for auction start at 00:00 / 01:00 CEST	As a consequence of the previous incident, the number of published Within-day auctions with auction start 00:00 CEST and 01:00 CEST is still at a lower level. This problem is expected to continue until the start of the new gas day.	PRISMA European Capacity Platform GmbH	PRISMA platform	Incident on 22.05.2019		Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s). Please also refer to the <a href="#">document for more information on TSO fallback procedures</a> .
164	May 23, 2019 10:38 AM	May 23, 2019 12:00 AM	Auction results of 22.05.2019 between 16:30 and 23:00 CEST declared invalid	As a consequence of the previous incident, the auction results of the following auctions are declared invalid: Day-ahead Firm (Auction start 22.5. 16:30 CEST) Day-ahead Interruptible (Auction start 22.5. 17:30 CEST) Within-day (Auction start 22.5. 17:00, 18:00, 19:00, 20:00, 21:00, 22:00 CEST) First within-day (Auction start 22.5. 19:00 CEST; Runtime 23.05. 06:00 CEST - 24.05. 06:00 CEST) This declaration is only valid for the auctions on the PRISMA platform. Any bilaterally agreed deals between the shippers and their TSOs are unsealed by this. Shippers are advised to contact their corresponding TSOs directly for fallback possibilities.	PRISMA European Capacity Platform GmbH	PRISMA platform	Incident on 22.05.2019		Shippers are advised to contact the respective TSO(s) selling the desired primary capacity and check whether the TSO(s) offer(s) fall back solution(s).
